Independent Auditors' Report

We have audited the accompanying statement of financial condition of First Western Securities, Inc. as of June 30, 2006, and the related statements of income (loss), changes in stockholders' equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of First Western Securities, Inc. as of June 30, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary information in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FIRST WESTERN SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2006

NOTE 1 - ORGANIZATION AND OPERATIONS

First Western Securities, Inc. (the Company) was incorporated in Texas on March 27, 1987 and commenced business as a registered broker/dealer on July 7, 1987. The Company is registered with the Securities and Exchange Commission (SEC) and the National Association of Securities Dealers (NASD). The predominance of its customers live in Texas and a substantial portion of all transactions are cleared through clearing houses located in Texas.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Company conform with U.S. generally accepted accounting principles. Policies and practices that materially affect the determination of financial position, changes in financial position, and results of operations are summarized as follows:

CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows, the Company considers any short-term investment convertible to cash within three months or less with little or no change in the principal amount to be a cash equivalent. Cash and cash equivalents at June 30, 2006 consist of cash in bank and a money market mutual fund.

During the year ended June 30, 2006, the Company's deposits at a bank exceeded Federal Deposit Insurance. The Federal Deposit Insurance Corporation only insures the deposits up to \$100,000 per financial institution. The excess above \$100,000 is only backed by the soundness of the financial institution.

COMMISSIONS RECEIVABLE

Commission receivable is reported at the amount management expects to collect on balances outstanding at year-end. Substantially all of the year-end receivable balance is from entities that have a history of paying promptly. No allowance was deemed necessary as of June 30, 2006. The Company utilizes the allowance method for recognition of bad debts. For the year ended June 30, 2006, the Company recognized no bad debt expense.

RECOGNITION OF COMMISSION REVENUE AND EXPENSE

The Company records commission income as earned, on the trade date basis. Commission expense is recognized at the same time along with any related clearing expenses.

CONCENTRATION OF CREDIT RISK

The Company primarily utilizes one brokerage house to execute all of its customers' stock and bond transactions. The brokerage house remits the Company's commission on these trades monthly. Therefore, a substantial portion of the Company's commission receivable balance could be at risk at any point in time.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FIRST WESTERN SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2006

NOTE 3 - CLEARING DEPOSITS

As of June 30, 2006, the Company has a combined balance of \$61,935 on deposit with First Union Securities, Inc. and Southwest Securities, Inc. (its previous clearing broker). The Company was required to maintain a clearing deposit balance with these clearing brokers for the execution of investment trades.

NOTE 4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's "Uniform Net Capital" Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2006, the Company had net capital of \$125,895 that was \$75,895 in excess of its required net capital of \$50,000. The Company's ratio of aggregate indebtedness to net capital was 2.6 to 1.

NOTE 5 - OPERATING LEASE

The Company is committed to leasing its present office location through June 30, 2009. The lease payments are guaranteed by one of the Company's shareholders. Lease expense for the year ended June 30, 2006 was \$38,181 and is included in other operating expenses on the statement of income (loss).

The future minimum rental payments based upon the base amounts under the non-cancelable operating lease are as follows:

<u>Year Ending</u> <u>June 30,</u>	<u>Amount</u>
2007	\$ 38,775
2008	39,369
2009	<u>39,815</u>
Total	<u>\$ 117,959</u>

NOTE 6 - RELATED PARTY TRANSACTIONS

During the current year, the Company subleased its furniture and office equipment under a month-to-month rental arrangement with First Western Leasing, Inc., a company related by common ownership. The Company is also charged fees by First Western Leasing, Inc. for services such as utilities, telephone, insurance coverage, and quotation services. The total fees paid by the Company to First Western Leasing, Inc. for these services during the year ended June 30, 2006 were \$287,605. This amount is included in other operating expenses on the statement of income (loss). The fees paid by the Company to First Western Leasing, Inc. for these services are not necessarily considered to approximate their fair value.

NOTE 7 - EMPLOYEE BENEFIT PLAN

The Company adopted a 401(k) Profit Sharing Plan during the year ended June 30, 1993, whereby the employees may elect to make contributions pursuant to a salary reduction agreement upon meeting length of service requirements. The Company does not have a matching contribution obligation. During the year ended June 30, 2006, the Company elected to make a \$9,457 discretionary contribution.

FIRST WESTERN SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2006

NOTE 8 - FEDERAL INCOME TAXES

The Company had a net deferred tax asset balance of \$-0- as of June 30, 2006 calculated as follows:

Effective Tax Rate	<u>15%</u>
Deferred Tax Asset for Operating Loss Carryover	4,539
Valuation allowance	<u>(4,539)</u>
Net Deferred Tax Asset	<u>\$ -0-</u>

The net operating loss carryover of \$30,263 is available for utilization to the year ended June 30, 2023 under the current tax guidelines.

The valuation allowance for the deferred tax asset increased \$4,354 during the year ended June 30, 2006.

The federal income tax expense for the year ended June 30, 2006 is reflected on the statement of income as follows:

Current	\$ -0-
Deferred	(4,354)
Utilization of net operating loss carryover	<u>4,354</u>
Federal Income Tax Expense	<u>\$ -0-</u>

The Company has a "brother/sister controlled group" relationship with First Western Leasing, Inc. since five or fewer persons own at least 80% of the voting stock of each company.

SCHEDULE II

**FIRST WESTERN SECURITIES, INC.
COMPUTATION FOR DETERMINATION OF RESERVE
REQUIREMENTS UNDER RULE 15c3-3 OF THE
SECURITIES AND EXCHANGE COMMISSION
JUNE 30, 2006**

First Western Securities, Inc. is exempted from Rule 15c3-3 of the Securities and Exchange Commission by subparagraph (k)(2)(ii) of that rule, and as a result, the Computation for Determination of the Reserve Requirement under Exhibit A of Rule 15c3-3 is not required. No facts came to our attention to indicate that this exemption had not been complied with during the year ended June 30, 2006.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY SEC RULE 17a-5

In planning and performing our audit of the financial statements and supplemental schedules of First Western Securities, Inc. (the "Company") for the year ended June 30, 2006, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Director and Shareholders
First Western Securities, Inc.
Page 2
August 23, 2006

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2006, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
